

PETROMARK® 10101 DIESEL ADDITIVE

PETROMARK® 10101 DIESEL ADDITIVE is a multifunctional additive for effective and thorough cleaning and protection of the entire diesel fuel system. Contains a lubricity improver for extra lubrication. This product increases also the cetane number by 5 points which results in optimum combustion and therefore decreases the emission of harmful exhaust gases and reduces fuel consumption. Suitable for all diesel engines, also common-rail engines, with or without turbo. To be applied every 10.000 km and in case of malfunctions. The content of the 250 ml package is suitable for a tank content of max. 60 litres.
