## PETROMARK® 10130 DIESEL PARTICLE FILTER CLEANER

PETROMARK® 10130 DIESEL PARTICLE FILTER CLEANER is a fast working product that easily cleans and regenerates the clogged diesel particulate filter without disassembly. Driving short distances, traffic jams and urban traffic ensure that the particle filter becomes clogged. Also the engine power diminishes as it is more difficult for the exhaust to leave the polluted particulate filter. PETROMARK® 10130 DIESEL PARTICLE FILTER CLEANER ensures an optimal cleaning and increases the lifespan of the particulate filter. Suitable for all diesel passenger cars, vans and trucks. Apply with mal functioning and / or every 3.000 km. Add the contents of the package to the fuel tank. The contents of the 500 ml package is suitable for a maximum fuel capacity of 60 litres.
