

PRODUCT INFORMATION

PETROMARK® 10215 BATTERY POLE PROTECTOR SPRAY

PETROMARK® 10215 BATTERY POLE PROTECTOR SPRAY is a high quality blue coloured spray grease which protects contacts and battery poles against oxidation and corrosion by creating a moisture and acid resistant film. After treatment the battery poles will not corrode and the contact between battery pole and battery clip will be optimal, and the life of the battery will be increased. Instructions for use. Shake can well before use and spray from a distance of approx. 15 cm. PETROMARK® 10215 BATTERY POLE PROTECTOR SPRAY is equipped with a 360 degree nozzle to spray in every position.
