

## PETROMARK® 10216 BELT DRESSING SPRAY

PETROMARK® 10216 BELT DRESSING SPRAY is a transparent silicon-free strongly adhesive protection which prevents all belts against drying out. Cleans, maintains, preserves and stops belt split. Universal suitable for all V, round and flat belts. Increases performance equivalent to 50% more belt tension. Spray-on belt and wait approximately 10 min. prior to operation.
