

PRODUCT INFORMATION

PETROMARK® 10217 MULTI WAX SPRAY

PETROMARK® 10217 MULTI WAX SPRAY is an extremely fast and easily processed polishing agent for new and lightly weathered car finishes. Ensures long-term protection of the bodywork against water, salt and ultraviolet radiation. Cleans and preserves in one treatment and renews shine. Stand 25cm away from surface to be sprayed when applying. After 5 min. wipe with clean and soft polishing cloth. Suitable for all car finishes, rims, chrome and aluminium, rubber and plastic parts.
