

PRODUCT INFORMATION

PETROMARK® 10236 CHAIN LUBE

PETROMARK® 10136 CHAIN LUBE is an advanced chain spray with excellent protective effect, prevents damage caused by wear and tear. Suitable for high-speed and high-pressure chains. Penetrates deeply and has great lubricating qualities. Protects against corrosion and adheres securely to metal parts. Suitable for O-ring chains. Can also be used to lubricate hubs, cables, gears and high speed chains due to its anti-fling characteristics. Shake can before use.
